"As a new credit union CEO, I have found MnCUN to be a valuable resource for me in many ways. The CEO Forum and Small CU Partners group are a wonderful way for me to connect with other credit union CEOs especially during COVID. The Friday Updates, Legislative Updates and other communications are a great way to stay up to date on current issues. The MnCUN Grant program has been a big financial help for us so we could increase the training opportunities for our staff. I am grateful for all MnCUN does to support Credit Unions in Minnesota."
